#### THE G. A. R. ENCAMPMENT.

TURNING OVER THE COMMAND TO COMRADE PALMER.

PATRIOTIC REMARKS OF GENERAL VEAZEY AND

THE NEW COMMANDER-IN-CHIEF-A TOCHING INCIDENT.

Detroit, Aug. 7.—At the opening of the G. A. R. En-comprent this morning the first business was the re-port of the committee on the John A. Logan and Phil Sheridan monuments. The Logan monument fund now reaction about \$05,000 and is closed. For the Sheridan monument they have \$50,000 in hand. Ex-Gov ernor Oglesby, of Illinois, reported satisfactory progress from the committee on Memorial Hall at Decatur, Ill. Reports of committees on Adjutant-General's and other ers' reports were approved. Past Commander-in Burdett, of Washington, presented reports on a variety of subjects, deprecating, in particular, the action of members in endeavoring to secure the influence of the organization toward any interference in matters belonging to the various departments of the Government. The same committee reported adversily on a communication from the Sons of Veterans desiring closer connection with the G. A. R. An amendme to the rules and regulations was adopted, by which its can change their location by a two-thirds vote of the members. An amendment was also adopted permitting Department encampments to be held as late as July 1. The amendment permitting the election of Department officers in December was defeated. The attempt to change the rules so as to read

Those who did not voluntarily bear arms against the United States" were entitled to membership of the G. A. R. was defeated. The per capita tax, which yesterday was established at 3 cents, was to-day refuced to 2 cents.

The grand officers were then installed by Past Commander-in-Chief Beath, of Philadelphia. Commander-in-Chief Veazey, turning over the command of the Grand Army of the Republic to Commander-in-Chief-elect Palmer, said: "It is now my privilege and pleasure and duty to present you your and in doing so, I desire you will take with it my best wishes; as I am sure you have the best wishes of not only the representative comrades of the Grand Army of the Republic, but of the entire body throughout the length and breadth of the land, for a successful administration, filled with pleasure and prosperity.

Commander Venzey presented the new head of the organization the new flag, and continued: "I now hand you the new flag of the Grand Army of the Re-(Cheers.) We have marched under our old tag now for a quarter of a century, and it is so worn that it is not sofe to use it any longer, and on the silver anniversary of our order this new one has been obtained. I give it into your hands to be guarded, as for twenty-five years the old one has been guarded by your predecessors. I am sure it will be safe in your hands, because behind you will be 500,000 men who will stand by you and by this flag." (Cheers.)

In response, the new Commander-in-Chief said : "Comrades: Let me briefly say, I accept this office with a heart of gratitude to the comrades who have chosen me for this high position, and I hope that when I have reached the end of my term of office I may loave as clean a record behind me as the comrade who has served you during the past year."

committee appointed to take action on the death of General Sherman, Admiral Porter and ex-Vice-President Hannibal Hamlin and Past Commander Charles Devens, reported appropriate resolutions.

The Council of Administration met this merning and transacted some routine business. The annual salaries and expenses were voted the same as last year and appropriations were made for keeping in repair the cottage at Mount McGregor.

A tall, venerable-looking man stood upon the platform of the Cyclorums of Pattle of the Big Horn yesterday afternoon and gazed long and earnestly upon the The old man was feeble and as he leaned upon the ropes for support the hot tears coursed each other down his furrowed cheeks. The other speciators in his vicinity eyed him with mixed looks of sympathy Presently a small crowd of survivors and curiosity. of the 6th Cavalry, which was commanded by George A. General Order No. 1.

Having been elected Commander-in-Chief of the Grand Army of the Republic, by the twenty-fifth National (silver anniversary) Encampment, held in Detroit, Mich., August 6 and 7, 1891, I have accepted the trust imposed upon me, with the earnest hope that the grand work of the order in which we are all engaged may be promoted uponer.

under my administration.

Second. The other officers elected and appointed upon the staff will be announced in future orders.

Third. Until further notice, all communications for the Adjutant-General will be addressed to Rutland, Vt.

JOHN PALMER, Commander-in-Chief.

Official: J. H. GOULDING, Adjutant-General. After the usual resolutions to the Encampment officers, and of thanks to the people of Detroit, the twenty-fifth National Encampment of the Grand Army of the Republic was adjourned till the Encampment at Washington in 1892.

St. Louis, Aug. 7.—George E. Dalton, who was elected at Detroit yesterday General of the society known as the "Comrades of the Battlefield," called at the office of the Associated Frees to-day, and said that the statement sent out from Detroit yesterday, to the effect that the organization included both "the blue" and "the gray" was misleading, and that Union soldiers only were eligible to membership.

ANNUAL BOAT CARNIVAL AT ASBURY PARK.

Asbury Park, Aug. 7 (Special).—The annual boat carnival was held to-night on Wesley Lake. About one hundred boats were in line when the procession started from the foot of the lake. All the boats were prettily decorated with colored lanterns arranged in many forms. The line of boats slowly winding its large at a straw I decided to try this medicine, and to many forms. course up the lake looked like a large flery serpent.

After reaching the head of the lake, the boats reformed and swept back toward the sea in three solid columns.

The hotels and cottages along the sides of the lake were elaborately decorated with flags, lanterns and bunting. The terraces on the Ocean Grove side, the bank on the Asbury Park side, the plazzas and windows and every place that afforded a foothold, all were crowded by the 30,006 spectators who pressed Several effective tableau pieces were displayed on large boats anchored in the centre of the

lake. There were three prizes offered for the most handsomely decorated boats. These prizes were a silver
cup, a set of solid silver knives and forks, and a set of
solid silver spoons. The judges awarded the prizes
respectively to the Mand, the Gloriann and the Frolic.
Among the speciators were large parties from Long
Branch, Elberon, Belmar and Spring Lake Beach. In
the beauty and tastefulness of the deforations and in
the number of boats in line, the carnival exceeded all
offerts of former years.

POLICE STILL SEARCHING FOR THE GLENDALE

MURDERER. Martin Phillips, the young man who was at his boarding house at No. 203 Bedford ave., Brooklyn, on Thursday night, on suspicion of being concerned in the murder of Hannah Robertson, whose body was found in the woods at Glendale, had a hearing yesterday before Justice Hendrickson, at Jamaica, was taken to Jamaica at midnight and put through searching examination by District-Attorney Fleming and Coroner Homeyer. A man who said he was employed in Evergreens Cemetery called at Coroner Homeyer's office in Ridge wood yesterday morning, and said that on Saturday evening last, at about 7 o'clock, he saw Hannah Roberton, accompanied by a young man, walking through the cemetery. He spoke to them, as it was time for closing the cemetery gates. They went out of the cemetery, he believed, by the entrance fronting on the This road leads to the woods where the body of the murdered girl was found. The girl's companion was undoubtedly the same man seen with the girl by the flagman at the Manhattan Beach Rallroad crossing in Ridgewood. The couple were apparently on their way from the cemetery when the flag-man saw them. Mrs. Laws, of Brooklyn, sister of the murdered girl, has two children buried in Evergreens Cemetery. Hannah Robertson's visit to the cemetery on Saturday afternoon or evening is not regarded as

It is said that among the things found in the girl's trunks was a wedding outfit and some trinkets which had been given to the girl by her mother, who is now dend. It is also reported that letters were found in another man's handwriting, and that this man, who had been paying attention to the girl lately, was named The story goes that the officers are now searching for this man, who might have been the girl's companion when she was seen in the cemetery and also at the Manhattan Bench Railroad crossing.

at the hospital again last Saturday evening, to see the matron, and said she had some shopping to do. Peter Applegore, of Jamaica, found last Sunday in the closet at the station a large red morocco pocketbook. It was full of papers and Applegore turned it over to Detective Ashmead. The pocketbook be longed to Richard Webber, a singular coincidence which attracted suspicion after Charles Webber tried to identify the body. There were letters of recommendation which were subsequently shown to be probably forgeries, as the writers had never employed Richard forgeries, as the writers had never employed Richard Webber. There were also many excursion tickets.

Coroner Hohmyer adjourned the inquest last night for one week. He told the reporters that he was satisfied as to Martin Fhillips's innocence. The body of the girl will be buried to-day in Mount Olivet, by the county unless claimed by the dead girl's sister. Mrs. Laws, of No. £4 Kent-ave., Brooklyn. Mrs. Iaws says she is too poor to take charge of the body.

Last night it was rumored in Brooklyn that the police had found two young women who were companions of the dead girl. They were, it is said, in her company frequently, and it is believed they can tell something as to who the dead girls male companions were. It was said that the girls were taken late lost night to Jamalea, where District Attorney Fleming had a long conversation with them. versation with them.

TROUBLE ABOUT A CONSULAR EXEQUATUR-THE AMERICAN CONSULATE NOT INVOLVED.

that some trouble has arisen there between the native Government and the French Resident, in regard to exequatur of the newly appointed German Consul. According to the treaty of 1885, that exequatur was to be granted, if applied for, through the French diplomatic representative, since the treaty stated that the foreign relations of Madagascar should be conducted by France, whose protectorate has been recog-nized by the Powers. But it is reported by the cable dispatches that "trouble is brewing in Madagascar, the Government There refusing to grant applications for consular exequaturs made through the French

The pretext for the present trouble in the great African island has been furnished by the application of the newly appointed German Consul in Madagascar. It might have been furnished by the arrival there of John L. Waller, the American Consul, but for the foresight of the State Department. Mr. Waller was appointed some time ago, but his departure has been wisely delayed. The Washington Government was aware of the pending difficulty, and it did not care to furnish an opportunity for having the exequatur question definitely settled and the treaty rights of friendly France discussed. This is in keeping with the policy followed by the United States Government in 1883, when it declined to give any moral or ma terial assistance against France to the Madagascar Queen, Ranavolana, who had sent over here an Extenordinary Embassy to solicit such aid.

It was made known then, by a pamphlet and by the press, that supporting the Malagasy Government against France amounted to the strengthening of British preponderance in the African island. Colonel Robinson, who accompanied the Embassy to this country, and who was American Consul at Madagascar, was unconsciously the tool of the English missionaries, so powerful at the Court of Antananarivo. The war resulted in the establishment of the French protectorate in Madagascar, by the treaty of It is true that, in 1887, the French Resident allowed the American Consul, Mr. Campbell, to obtain his exequator directly from the Madagascar Govern ment. But this graceful concession did not inval-idate the treaty of 1885, as is alleged both by England and the Malagasy authorities. They pretend that Consular exequaturs do not need to be asked through Consular exceptances not not not to be a seen to be the officials of the French Protectorate. At all events, if France is compelled again to make war in Madagastar, it is fortunate that a hasty sending there of the newly appointed American Consul will not have been the occasion for it.

Masons were at work laying brick and stone on the new foundation walls and piers, which the contractor said were not injured the broken water main in Thirteenth-st, had been plugged up tightly and in the afternoon men from the Department of Public Works were putting in new pipes. The damage to the basements of Macy's stores went on with the usual midsummer rush.

Commissioner Gilroy said that the mason in charge of the building of Macy's annex was responsible for the breaking of the main. A new section of pipe seventy-five feet long, will be laid by the Public Work

"My present arrangements contemplate a trip of about nine weeks, although circumstances may change the time somewhat. I do not expect, however, to exceed the limit I have named. ove of your departure?" "My view of the situation is the same that I have held for several months. I am firmly of the opinion that we shall elect a Republican Governor and Legis lature in New-York State this year, and that our party will be generally successful in the contests in other States upon which it is entering. I am especially hopeful of McKinley's triumph in Ohio. The only thing to be feared there is over-confidence."

Mr. Bliss said that he based his opinion largely npon reports from every part of the country, which are being received by the American Protective Tariff League, of which he is the president. He is deeply in terested in the work of the League, and spent several hours yesterday with Secretary Wakeman in outlining methods which he desires to have put into execution and in giving directions for pushing the work during his absence. Mr. Bliss is a warm advocate of joint discussion on tariff questions and believes that it will produce most favorable results. He pronounced last month's report of the League's operations extremely satisfactory.

"When I get back to New-York, about the middle of October," Mr. Bliss remarked, "I expect to find Republican victory assured. The successful convention of the Republican State League, which has just been held at Syracuse, indicates that the working element of the party is all ready for the contest."

CONGRESSMAN TILLMAN AND THE ALLIANCE, Charleston, S. C., Aug. 7 (Special).-Congressman George D. Tillman, of this State, has come to the ssistance of his brother, Governor "Ben" Tillman, in the fight against the Sub-Treasury scheme. In a speech delivered at Parksville, Edgefield County, he outlined the fight that the Tillman wing of the Democratic party is going to make against the Farmers' Alliance in the next campaign. He attacked Macune and Peffer, the latter as a hater of Southern men The Democrats of this county, he said, should throw Cleveland overboard. They cannot afford to support him, because of his opposition to free cotpage. Till-man's utterances derive significance from the fact that they indicate a break in the hitherto solid ranks of the Alliance in this State.

SUCCESS OF THE LEAGUE CONVENTION. Timothy E. Byrnes, National organizer of the Repub can League, returned on Thursday night from the State Convention at Syracuse. He said that about half of the delegates from this city decided to stay over Sunday at Saratoga and other places. Mr. Byrnes has attended many League conventions, but he said that he had never seen so representative a gathering "Of course, I did not as assembled at Syracuse. know it of my own knowledge, but I heard delegates talking about it who are well informed on the politics of the State of New-York. I know one thing, ever, that everything was harmonious and exceedingly enthusiastic. There is no reason why the Republicans should not carry New-York. They can if they are thoroughly organized, and right here I want to re-peat what I have heard General Clarkson say. The Democrats for years have been ahead of us in the matter of organization. How? Why, that question is easy enough to answer. Right here in New-York (City There are 10,000 rum shops, and each one of those saloons is a club where the Democratic party recruits its forces. We have no desire to follow in their lead, but we do want places where young men can go and read and discuss questions of National Importance.

AT WORK IN THE XXIIID DISTRICT. A largely attended meeting of the XXIIId District Republican Club was held last night at No. 2,250 Third-ave David Friedsam presided, Patrick M. Cassidy acting as secretary. Ten new members were elected. Roswell G. Horr had been announced as a speaker, but was unavoidably detained. A rousing campaign speech was made by Robert W. Taylor, from Major McKinley's district in Ohio. C. S. Ward, who was one of the club's delegates to the Syracuse Conwith a short speech by Martin J. Ninery, of Troy. Among those present were Frank Raymond, Edward Dubols, Charles Wheelock, Frank E. Purdy, Dr. De Wilt, William Ashman, Augustus Striller, Charles Reynolds, Captain Ludwig and Major McGraham.

ASSEMBLYMAN FISH BETS ON THE ELECTION. Assemblyman Hamilton Fish, jr., of Putnam County, has great faith in the success of the Republican party at the fall election. A Tribune reporter met him while he was taking his luncheon in a downtown restaurant the other day, and he said:

"I have just made a bet with Assemblyman Far-quhar (the Tammany Hall Assemblyman from the IIId New-York District) that the Republicans carry both branches of the Legislature. I think that the Democratic party is very sadly disunited. The leade are trying to keep that fact from the public, but such is the case. On the other hand, the Republicans are all united, there are no internal dissensions now, and the feeling at large in the State is that we are going to win all along the entire line.

"I think that the appointment of Senator Fassett as Collector of the Port of New-York is a good one, and that it will make Republican votes. I am very much pleased with it. He is a brainy, brilliant and sensible man, and he will make a good Collector."

THEY LIKE J. SLOAT PASSETT FOR COLLECTOR. The regular meeting of the Republican Orga on of the XIXth Assembly District was held Thursday night at the headquarters, Sixty-seventh-st, and West Boulevard. The headquarters were crowded all the evening. Charles F. Bruder presided, while P. H. Dunn was secretary. Over eighty propositions for membership were offered, and two names were added to the roll from other Republican organiza Rousing campaign speeches were made by William H. Bellamy, secretary of the Republican County Committee, Dr. E. R. Duffy, Charles M. Bonie, F. J. Symes, of the Hamilton Club, and by Charles G. Cronin. The following was adopted: "Resolved that the appointment of the Hon. J

Sloat Fassett as Collector of the Port of New-York meets with our heartlest approval. His record in every office he has held is a guarantee of the faithful discharge of his duty to the people, to the Government and to the party."

Among others present were Alexander Martin, John Reisenweber, David Taylor, Charles M. Bonie, Dr. E. R. Dufly and F. J. Symes.

HOLDING THEIR REGULAR MEETING. The regular weekly meeting of the McKiney Republica Club was held Thursday evening at No. 107 West Thirty-fourth-st. Edward Flow reported that regular meeting of the United Republican A a regular meeting of the United Republican Association of the XIth District, held on August 5, the action of a ferner meeting was reconsidered, and Albert R. Williams, colored, was recommended to the District Association as a delegate to the State convention instead of Jacob H. Simms. On a motion put by Mr. Flow, the meeting indorsed the substitution of Mr. Williams in the place of Mr. Simms. The following were chosen by the president, James Corrigan, as a con mittee to bring into good standing in the club members of the regular District Republican Association and to induce those who were not members of the association, to join the McKinley Club: Albert Williams, T. H. Brown, Edward Flow, Samuel E. Saxon, W.H. am Meyers, Frederick Hottler and Patrick Holeman. Mr. Ruffner and Mr. Reilley, delegates to the State League Convention held in Syracuse, said that they would present a detailed report of the work don at the convention at the next weekly meeting.

At a meeting of the XXIIId Assembly District Van Cott Italian Association, resolutions were passed favoring the nomination of Cornelius Van Cott for Governor and pledging to vote for him if nominated. Carlo La Malda is the president and Frank Pautossa is the accretary of

ABANDONING PROHIBITION IN KANSAS. Chicago, Ang. 7 (Special).—A dispatch from Topeka, Kan., says: "The letter written by Secretary of State ifiggins advocating the elimination of a prohibition plank from the Kansas Republican platform has had the effect of bringing a large number of Republicans who have heretofore been active Prohibition advocates to his support, and even ultra-Prohibitionists now admit there is little prospect of the Republican party again incorsing Prohibition. The Executive Committee of the State Republican League, in session here to-day, almost unanimously before the position

aken by Secretary Higgins, and all say that when the League Convention meets in this city on August 26. Prohibition will not be mentioned in the resolutions adopted. The president of the League, J. M. Miller, has given it out that he will appoint a committee on resolutions when the convention meets, which will ignore Prohibition. This stand on his part was unexpected, as he has been and is still an extreme Pro-hibitionist, but he is convinced that unless Prohibition is kept out of the party platform, the Republican party will be certain of defeat in Kansas next year."

PROTEST OF THE CLEVELAND DEMOCRACY OF ERIE AGAINST SHEEHAN'S BOSSISM.

Buffalo, Aug. 7 (Special).-The Cleveland Democrac Inb of Buffalo has issued a long "manifesto" to-day addressed to the Democratic electors of Eric County It is its official protest against the arbitrary rules ecently adopted by the Democratic County Committee at Sheehan's dictation. The proclamation begins thus The Sheenan's dictation. The proclamation begins tolds.

The Cievetand Democracy deems it proper to present to Rs members and the Democracy of Eric County a brief and true account of the recent events which have produced dissension in the party and seriously threaten its disruption. What was a few years ago a united and enthusiastic party, looking forward to certain victory at the approaching election, is now a party divided, discordan and armyed against itself. It says in protest against the Reyfolds rules:

The caucus is the original and primary assemblage of the roters of the party. What more fit, then, than that hte voters in the caucuses assembled shall elect their chair voters in the caucuses assembled shall elect their chairman and secretary and the tellers? The officials certify the result afer the votes are cast and counted. Their mandate should therefore be desired from the people assembled. Time-honor d usage has so ordained. It accords with the spirit of true Democracy. Long experience has sanctioned it as wise and necessary. It is the only secretary of the counter of curity for fair caucuses, and a caucus to be final must be fair. It is the sole protection of the people from "boss-ism." It is intolerable that the people should be deprived of this right. To surrender it would be the act of traitors and cowards. and cowards.

The "manifesto" ends by declaring opposition to the

The "manifesto" ends by december of the pure official rules, saying:

This is one-man power with a vengeance. It is pure and unmitigated "bossism." When he sees slit to place the crown on some other man's head, that man will be equally the boss. For such purposes are the rights of the masses of the Democracy taken away from them by these new rules. Shall we submit to them? This is not a time for weak and timid counsels. They who urge near and acquiescence encourage all such aggressions. peace and acquiescence encourage all such aggressions.

Those who always yield are always yielding. The strong man fights for his rights to the bitter end. A great evil stares us in the face. The chains have been forged to bind the masses of the Democracy to bondage. The time to strike them off Is now, at the very outset. It is the masses against bessism. We counsel you to stand firm in opposition if these unjest rules. Make your voice heard and your influence felt. Be true in this emergence to the fundamental principles of Democracy-faith in the people. The Cleveland Democracy will spare no efforts to bring about the abrogation of these rules to the end that party harmony and success may prevail. This attack on Speaker Sheehan has stirred up the

Democratic fight here anew and there is now little chance of a compromise between the Cleveland and Hill men in this county.

CLINGING TO THE SUB-TREASURY PLAN.

Kansas City, Aug. 7.-"The Star's" Topeka, Kan., dispatch says: Alonzo Wardell, of Huron, S. D., a member of the National Executive Committee of the Farmers' Alliance, arrived here last night. It is Mr. Wardell's business to visit all of the annual Alliance State conventions and give them the latest instructions and he will visit Missourt this month to be present at the convention which meets at Pertle Springs, Augus 26. To-day, in speaking of the Sub-Treasury agitation in the Alliance, Mr. Wardell said that in the States of North and South Dakota, Wisconsin, Oregon, California and Washington, which he had just visited, the Sub Treasury plan was unanimously indorsed. "You know we are certain of South Dakoin," he said, "and this we are certain of south Dakota, he said, "and this fall we will get North Dakota as well. In California the People's party is making a determined and an aggressive fight. I am surprised at their strength and the sentiment which I have found wherever I have gone in favor of 'cutting loose from the old parties.' Mr. Wardell does not think the results of the Kentucky election will hurt the People's party organizations in other States.

TO THE AID OF UNION PACIFIC. DIRECTORS AND BANKING HOUSES FORM A SYNDICATE TO UNDERWRITE THE

COMPANY'S LOANS. It was authoritatively announced yesterday that a syndicate comprising many of the directors of the Union Pacific and some outside banking houses had been formed to take care of the loans of that company, the condition of which caused the recent depression in Union Pacific stock. As a result of this announcement the market rallled and the stock sold up to 30, having fallen during the week from 42 on 35 7-8, the lowest point touched on Thursday.

The syndicate will be made up probably as follows Messrs, Gould, Sage, Dillon, Dexter, Ames, Atkins an Dodge, from the Board of Directors; the Mercantil Trust Company, Drexel, Morgan & Co., Kuhn, Loch & Co., the Bank of Commerce, and perhaps other A telegram from Jay Gould, who is now in Idaho, said that he would furnish \$5,000,000 if necessary. Russell Sage, who is said to have been the leading spirit i making the syndicate plan effective, will be good for \$1,000,000 of the necessary amount. A cable dispatch from ex-Governor Ames, who is in Carlsbad, said that he would take whatever interest was allotted to him. This was not considered definite enough, and a dispatch was sent to Carlsbad asking Mr. Ames to name a specific amount, as the other subscribers to the funhad done. An answer is expected from him to-day J. Pierpont Morgan telegraphed an expression of his desire to take part in the movement. General Gran

ville M. Dodge is also a large contributor. Under the plan of the syndicate, an institution no yet named will be empowered to negotiate loans for the Union Pacific, the money to be gotten from the outside if possible, and if not from the syndicate. Collateral will be furnished by the company as it i connected. The institution negotiating the loans will receive a commission for its work, and a bonus will be given to the syndicate at the end of the three years, which is set as the time limit of the syndicate, as it is believed by that time the company will find a market for a sufficient quantity of its securities to pay its floating debt.

LOWER RATES ON IRON WANTED. DECISIONS OF THE WESTERN TRAFFIC COM

MISSIONERS

Chicago, Aug. 7 .- Chairman Walker, on behalf of the Board of Commissioners of the Western Traffic Association, handed down a decision to-day concerning iron ore from the Peninsula of Michigan and Wisconsin to Chicago and Milwaukee. This subject was before the Commissioners last June in an application for a reduction in rates filed by the Chicago and Northwestern road, which gave as its reason for making the request a general depression in the iron-ore trade and the com-petition with Southern furnaces. The Board declined to authorize a general reduction in rates, because there was strong opposition to such a course by other lines. but it undertook to correct an alleged dissimilarity in rates between a member of the association and an outside line allowing the Chicago and Northwestern to reduce the rate 5 cents per ton to Escanaba. The Milwankee and Northern has recently asked for a reopening of the question, claiming that its all-rail line to Chicago is placed at a disadvantage compared with the rail and water line, and made application for a general reduction of 5 cents per ton. A further hearing was accordingly given, but the Commissioners decide that they would not be warranted in granting the reduction unless in answer to a request united in by all or nearly all the interested carriers. They intimate that if existing conditions are continued into the winter, and if the competitive output of iron in the Southern States is further relatively increased, some general adjustis further relatively increased, some several ment involving further concessions may be required, but for the present they believe their former disposition of the case should be adhered to.

Another decision delivered by the Commissioners authorizes a reduction in pig-iron rates from Fond du Lac to Chicago to St 15 per ton, and from Fond du Lac to Milwaukee to 75 cents per ton, taking effect August 15.

THE HARVEST-EXCURSION RATE WAR. Chicago, Aug. 7 .- A flurry in Western passenger

circles has been created by the announcement of the cago and Alton that its harvest-excursion rates will be one fare for the round trip, and that it will run three excursions instead of two. Yet the anconnecement was not unexpected, for a majority of the general passenger agents had refrained from ad- their rooms had been entered and ransacked by thieves, vertising their excursions in anticipation of some such step on the part of the Alton. Chairman Finley has called a special meeting of the Western Passenger Association for to-morrow, to determine what action shall be taken, and there is no doubt that the Alton's rates will be met. General Passenger Agent Heafford, of the Chicago, Milwaukee and St. Paul, will introduce a resolution, proposing to adopt the Alton's rates and dates to all Southwestern-Missouri River points and the territory immediately west thereof, but to leave | John H. Lyons. Meantime Hubber had gone to his the previous action of the association unchanged so far as it relates to points in Nebrasha, Iowa, Minnesota and South and North Dakota.

THE B. AND O.'S NEW AKRON LINE. Baltimore, Ma., Aug. 7 .- It is announced here that opening to-morrow of the Baltimore and Ohla's new oute to the West by way of Akron, Ohio will not for

the present cause any change in the moving of pasenger trains between Baltimore and Chicago. expected, however, that in the fall the Chicago and Akron division, which has just been completed, will be in the best of condition, and that fast time can then be made over it. The Baltimore and Ohlo will then put on through trains between New-York and Chicago.

THE ATCHISON AND THE G. A. R. EXCURSIONS. Chicago, Aug. 7 .- The officials of the Atchison, Topeka and Santa Fe are tired of taking the blame for the shortcomings of their ally, the Jacksonville and Southeastern, and have determined to call a halt. Passenger Traffic Manager White has informed General Passenger Agent Kent that if he does not immediately cease his demornlizing tactics and maintain tariff rates, the Atchison will no longer do business in connection with the Jacksonville and Southeastern In four cases this morning the Atchison carried out its threat to honor no G. A. R. excursion tickets that

were extended beyond the agreed limit. The passen-

gers holding these tickets rode from St. Louis to Peorla, but when they struck the Atchison they were compelled to pay their fare to Chicago. RESTRAINED FROM RUNNING DINING CARS. Chicago, Aug. 7.—On a bill filed in the Circuit Court by Frederick Harvey, Judge Driggs has issued an injunction restraining the Atchison, Topoka and Santa Fe Railroad Company from running dining cars upon its lines west of the Missouri River covered by contract with him, from feeding passengers between any of the points on this por-tion of its road and from refusing to stop its passenger trains at complainant's hotels and lunch rooms. Harvey represents that the plant now controlled by his lunch system covers from 2,200 to 2,500 miles of road and has cost him \$150,000; that he is conducting twenty hotels and eating-houses, at which he feeds daily about 2.500 ersons, and twenty-four lunch rooms, feeding as many more; that he established them in the face of great obstacles, such as incursions by hostile savages and the anstaces, such as incurrents by nostic savages and traits of gamblers and desperadoes, and that now the road threatens to put on dining-cars and give his places the go-by. The railroad people claim that the contract does not debar them from putting on dining-cars, and will move for a dissolution of the injunction.

Baltimore, Aug. 7 (Special).—The Baltimore and Ohio Railroad Company will to-morrow put in operation the pas-senger service over the new Akron and Chicago Junction division. This is the new connecting link of the Baltimore and Ohio, making the distance between Pittsburg and Chi-cago 478 miles, which is sixty-two miles shorter than the old line of the Baltimere and Ohio from Pittsburg to Chicago by way of Wheeling, W. Va., and only ten miles longer than the Pennsylvania Railroad Company's lines between the same points. The new route is over the Pittsburg and Western Railroad, which the Baltimore find Ohio has rerently purchased, to Akron. From Akron to Chicago Junction a new road has been built, a distance of seventy-six miles. After the road has been in operation a few months it is expected that some of the through trains from New-York to Chicago will be run by way of Baltimore, Washing-

ton, Pittsburg and the new line. The distance from Balti-mere to Chicago over the main stem of the Baltimore and

Ohlo in connection with the new route, which is used by

through freight trains, is new 770 miles. Chicago, Aug. 7.—A special from Grand Rapids, Mich., says: "It is rumored in railroad circles here that the old project of the deal between the Lake Shore and the Michigan Central is on again and may be consummated. This is to the effect that the Lake Shore gets the Central line from Jackson to this city, and gives up its from here to Kalamaroo. This would give the Central a direct line to Chicago. If they should shorten the route by building a spur from Allegan to Decatur, they would have the shortest line to Chicago and could compete to great advantage with the Chicago and West Michigan."

STRUGGLE OF THE PRINCIPAL OF A NORMAL SCHOOL TO RETAIN HIS PLACE.

Cortland, N. Y., Aug. 7 (Special) .- For twenty-two years and six months Dr. James II. Hoose has been principal of the State Normal School here. It is the leading normal school in the State, and not once dus ing his principalship has his ability as an instructor or disciplinarian been fluestioned. However, his place has not been one of pleasures and severe times attempts have been made to remove him. Ten years ago he was removed by the State Superintendent of Schools, Nell Gilmore. Dr. Hoose appealed to the courts, and by the Court of Appeals was reinstated. Later the local Board stood even on all attempts to remove Dr. Hoose until the death of Judge Duell. His successor, appointed by State Superintendent Draper, was an anti-Hoose man. When this became evident charges were preferred against Dr. Hoose, the gravest

charges were preferred against Dr. 1100sc, tan graves of them being "strained relations." A letter recently received from Superintendent Draper says: The fact that there is to be a change is gaining pub-ficity through different channels, and will of course mass it disagreeable for you to remain there. I had hoped that the unpleasant relations between yourself and the Board would become modified, but the hope is not remitted. You claims that you have misrepresented the facts and given out that you had defeated and overthrown their action, and that you treat the Board and its members with contemps . . . It therefore seems to me best that the change take effect at once, and I write to advise you to send in your resignation and relieve me from the necessity of approving the action which formally removes you from the place. I am sure that this will be wiser for you, and it will be

In reply Dr. Hoose has written to Superintendent Draper refusing to resign. He declares that he will be present when the school opens for the fall term and that he will carry the case into the courts. He will also begin a civil action. Dr. Cheney was appointed as Dr. Hoose's successor.

FIGHT WITH A RUM-CRAZED THIEF.

IT TOOK THREE POLICEMEN TO ARREST HIM AND FOUR TO HOLD HIM DOWN. Greenwich-st last night was the scene of a terrific

struggle between a thief crazed by liquor and two policemen who fried to arrest him. About 8 o'clock Eugene Seguin and August Luschka, two newly arrived immigrants, who are boarding at No. 93 Greenwich-st., made complaint at the Church-st. station that who had broken open their trunks and robbed them of all their clothing. Shortly afterward one of the complainants went into the liquor shop connected with the boarding-house, and, to his surprise, saw Charles Hubber, another immigrant living at the same place, with a suit of Luschka's clothes on. He had even put-on one of the fourteen shirts he had stolen, which had the initials "A. L." written in ink upon it. Luschka went out and informed Foliceman room in the third story of the building and the officer went up to make the arrest. Hubber, who is a powerfully built fellow, made a desperate resistance and would doubtless have overpowered the officer had

Policeman Fees arrived just in the nick of time. Hubber, seeing that he was cornered, became more violent and taking the lamp from the table dashed it on the floor, causing it to explode. The policemen finally succeeded in getting their prisoner into the street. By this time the excitement brought on delirinm tremens, and, together with Officer Knupf, who, hearing the row, came to their assistance, the policemen had all they could do to get him to the Church-st. station. By the time they got there Hubber was a raging lunatic and it took four men to hold him. Finally Officer Driscoll succeeded in holding him down until he was bound and gagged securely. an ambulance and two physicians were called. Hub-

ber was carried on a stretcher to the ambulance and taken to Bellevne Hospital.

In Hubber's room a miscellaneous assortment of clothing was found and taken to the police station. It was discovered that he had robbed no less than seven people in the hotel.

A SHIPWRECKED CREW BROUGHT HOME. The steamship Mexico, that arrived in port yesteria from Havana, has on bourd Captain C. Larsen and nine of the crew of the wrecked Norwegian bark Suez. The Sort was bound from Milk River, Jamaica, for Falmouth, and ran on the Colorado Bank, becoming a total wreck. The captain and crew were taken off by a fishing schooner and landed at Havana, from whence they were sent to this port.
The Mexico, being only five days from Havana, was to tained in quarantine, but will come up to her pier to day.
